

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 1600 on Sunday 24 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Frosty with icy patches tonight, many areas fine tomorrow.

This Evening and Tonight:

Early evening snow over parts of Wales and central and southern England gradually easing leaving clear spells and icy stretches. Elsewhere, clear spells, icy patches and a few showers in the north and west. Cold and frosty.

Monday:

A very cold and frosty start and then most areas fine, dry and bright. Cloudier in the northwest where some showers again. Feeling cold.

Outlook for Tuesday to Thursday:

Cold initially with a few wintry showers in the northeast. Gradually turning more unsettled and milder from the southwest, with cloud, wind, and outbreaks of rain and some hill snow.
